COLUMBIA UNIVERSITY - PROMOTIONAL/INTERNAL VENDOR LIST *August 21, 2018*

The vendors listed below are licensed by the University to use our trademarks in manufacture of emblematic product. These companies are members of the Fair Labor Association, certify that their factory sources are in compliance with Columbia's Code of Conduct, and have agreed to certain guidelines regarding monitoring.

This list has been compiled by referrals made by individual schools and departments based on their preferences. Each school and department should use these companies based on their own assessment of the type of product, price and quality they require. The companies below focus on "giveaway" products versus product sold through regular retail stores, thereby providing less expensive options. Additional licensed vendors are available but may be cost prohibitive.

If a vendor is not licensed, they have not been granted the rights to use our trademarks and are not permitted to manufacture or provide products bearing the Columbia name or logos.
